Based on a story by Cornish writer Anna Maria Murphy, Below delves into the depths of the Cornish mining industry, telling tales of life above and below the mine...

Using Cscape's own unique style of story telling, blending dance, physical theatre, music & film, Below is a powerhouse performance of raw energy and sheer physicality.

Showcasing brand new work by TC Howard, Sally Williams and Helen Tiplady, Below is a moving and fascinating performance that harps back to an era of buckets and Bal Maidens, heavy loads and heavy bones, deep fathoms and faith, and the promise of loss and new life.
